Happy new year! A new year, a fresh start. What are your goals for your walk with Jesus this year? It's great to make goals for our health or our financial future or our family. But ultimately, the most valuable thing we can do is to grow in our relationship with the Lord. **If we seek Him first, all else will follow.** So I encourage you to start this new year with an attainable goal, small steps that won't overwhelm and cause us to give up, to grow our relationship. And be encouraged when you stumble on that path, **there is grace for you to try again!**

God has opened the door for me to lead **a new team**, which I mentioned last month. This new team requires a bit more paperwork and time and therefore I need to have the team assembled by mid January! I am still **in need of 2 general laborers** for this Camp AN team, leaving in early June. Please check the website for details and prayerfully consider joining me! This is going to be an exciting project!

I also have a **few openings on my Pedro Bay team** for August. I love the village of Pedro Bay, and so look forward to returning!

Please **join us at our monthly LightShine meeting** on Tuesday the 6th at Lancaster Alliance Church at 6pm for dinner. The director of Camp AN (my June team) will be joining us on zoom and sharing his story and telling us more about the camp ministry. I can't wait!

As always, I would love to talk with you about any questions! **Please share** with friends who you feel would be a good fit for a team!

Special prayer request: I am starting to take on some more responsibilities in LightShine in their administration side of things. Pray for quick learning on my part and that things would go smoothly.

If you feel led to give towards my mission work in Alaska, please visit my website linked at the top of this page and scroll to the bottom for a green PayPal link, or you can send a check to the address at the top of this page.

Thank you for your continued support!
